

ABOUT US

- » **FAST.** We produce and analyse DNA & RNA
- » **COMPLETE.** We support from research to application
- » **RELIABLE.** Pharma, food, diagnostics, agriculture & biotechnology trust us

EUROFINS GENOMICS

The DNA Universe

TURN
ME FOR A
HELLO

HELLO. NICE TO MEET YOU.

This can only be a brief overview. A universe will never fit on one page.
Visit us at eurofinsgenomics.com for more facts.

BUILT FOR YOU

Pre-designed and validated

BUILD YOUR OWN

Modules for custom solutions

CUSTOMISED SOLUTIONS

Solutions just for you

DNA & RNA Oligonucleotides

Application oligos and qPCR probes

Flexible modules to design custom DNA and RNA oligos

e.g., custom qPCR assay with primers and probe in plates

Custom DNA Sequencing

Simple premixed solutions in tubes and plates

Flexible options for sequencing in tubes and plates

e.g., SNP analysis, primer walking, GLP sequencing

Next Generation Sequencing

INVIEW packages for frequent applications

Flexible modules for DNA, RNA and amplicon sequencing

e.g., GLP sequencing, custom amplicon panel

Gene Synthesis / Molecular Biology

Synthetic genes and site-directed mutagenesis

Modules of gene synthesis for individual ordering (e.g., gene fragments)

e.g., express gene synthesis, plasmid linearisation

Genotyping & Gene Expression

CLA for standard cell lines and mycoplasma check

CLA for custom cell lines and FLA

e.g., microarray analysis, authenticity testing
